DETAILED ACTION

Allowable Subject Matter

1. Claims 98-115 renumbered as 1-18 are allowed.

Please refer to the Office Action mailed 07/28/05 which sets forth the reasons for allowance. Additionally, regarding Claim 108, Emer et al.'741 and the other prior art do not teach or fairly suggest: storing a loop including a first instruction (which has an address operand indicating a monitor address) and second instruction and a test to determine whether data at the monitor address has changed, and restarting the loop if the data at said monitor address remains unchanged in combination with other limitations in Claim 108.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
